### **Report of the website committee**

Indira Gandhi Govt. P.G. College Vaishali Nagar formerly known as Indira Gandhi Govt. Arts & Commerce College Vaishali Nagar is having a website with web address as [www.iggcv.com](http://www.iggcv.com).

The website is regularly updated and changes have been made as per the requirement of the institution.

The website is hosted by Ravi Solutions Ltd. Bhilai.

### **Changes in the website**

Before 2017 our college website was having only HTML pages and the old website was not even mobile responsive. In August 2017, the website was made mobile responsive for the benefit of the students. Also the website was redesigned to develop some pages as dynamic. Dynamic pages means admin can change the content without coding. Admin has such an interface from which he can make changes in the website. But the website still needed to be more dynamic because many times we had to create new pages and the website had limitations to enter the data in our own way. Therefore, in Oct. 2021, the website was made completely dynamic in which admin can create pages by himself. Now page head and sub menu can also be created in the new website as well as the facility of entering data in pages has also been increased. Like we can put photos along with its description in any page as well as PDF can also be shown in table format.

In the year 2021-22 we have also developed facility for online admission to our college. How all our students except the first year students can fill their online admission form at our college website and get admission in our college. An additional feature of result analysis is to be included on our college website admission portal to get result analysis at quick time.

Our website is regularly updated. All the news and notices related to our student are being uploaded on our website. Regular changes are being done to make it better and informative.

Some of the government clause like self-declaration by the institution about RTI.
